

TALHA COŞKUN

MOBILE DEVELOPER

Sultanbeyli, İstanbul | ttalhacoscun@gmail.com | www.ttalhacoscun.com | [ttalhacoscun](https://www.linkedin.com/in/ttalhacoscun)

SUMMARY

Experienced in Swift and SwiftUI for 2 years and Flutter for 1 year, I specialize in developing innovative, user-friendly mobile applications. Passionate about crafting seamless digital experiences, I focus on delivering creative and efficient solutions. As a proactive and dedicated developer, I continuously strive to enhance my skills and stay updated with the latest technologies in the ever-evolving field of mobile development.

EXPERIENCE

iOS Development Bootcamp Trainee - İnnova Bilişim 09.2024 - 10.2024

Developed iOS project using UIKit, Swift, Alamofire, Firebase, SQLite, Core Data, and RxSwift as part of the bootcamp program. Gained hands-on experience in building scalable and efficient iOS applications with a focus on both frontend and backend integration.

PROJECTS

Namaz Vakti+ : İmsakiye 2024 (Flutter) Jul 2023 -

A mobile application that provides users with prayer times, Qibla direction, and a digital tasbeeh for daily prayers. Published on Google Play and App Store, it has reached over 5,000 downloads.

SoftPet App (Flutter) Jan 2024 -

A mobile app for pet adoption and lost animal reports, featuring secure user profiles, chat functionality, and Firebase integration.

SafeFinderPro (SwiftUI) Sep 2024 -

A mobile app providing real-time altitude, coordinates, and weather data based on user location. Available on the App Store.

E-Commerce App (UIKit) Aug 2024 -

A mobile app for product listing, cart management, and user authentication, built with UIKit, Firebase, and SQLite.
